

Call process update

Oct. 24, 2017

The Call Committee has reassembled. On October 3, we met with the synod liaison staff person to plan next steps. We are moving ahead, in partnership with our synod office, to surface additional names of candidates for our associate pastor call process. A slightly clarified and more fully described job description is now posted on our Pilgrim website — and we are asking Pilgrim community members to send this link far and wide, through your networks, to spread the word to great candidates. If someone you know is interested in this call, they should contact our Saint Paul Area Synod office. Thank you for your help; it takes a village to spread the word in this important search process. And, we will continue to pray for the Spirit's guidance for the road ahead. Please join us in those prayers.
